ARTICLE II

Removal of Snow and Ice From Sidewalks

[Adopted 11-14-1988 by L.L. No. 11-1988]

§ 121-6. Definitions.

As used in this article, the following terms shall have the meanings indicated:

SIDEWALK — Any established sidewalk or path for pedestrians alongside a public highway, whether the sidewalk is paved or not.

§ 121-7. Abutting property owners to keep sidewalks free of snow and ice.

Every owner of a house, building or lot of land situate in the town and every agent or such owner who owns real estate in but does not reside in the town and every person having charge of any unoccupied house, building or lot of land, church or public building in the town shall keep the whole of the sidewalk in front of their respective houses, buildings or lots of land free from snow and ice and shall remove or cause to be removed any and all snow or ice from such sidewalk within 12 hours after any snowfall.

§ 121-8. Removal by town; cost to become lien.

Upon the failure of the person, corporation, partnership, club, association or government unit responsible therefor to remove such snow or ice or failure to cause the removal thereof as required by § 121-7 and in the event that the snowfall shall exceed the depth of three inches, the Town Superintendent of Highways may, if he or she has available the necessary help and equipment, remove the snow from the sidewalks which have not been cleared. The Superintendent of Highways shall report the cost of removal to the Town Board, which shall levy the cost against the property affected, which sum shall remain a lien against the property until paid.

§ 121-9. Penalties for offenses.

In addition to the liability for the cost of removal of the snow from sidewalks as provided in § 121-8, the person, corporation, partnership, club, association or government unit will be deemed a civil violator and will be fined \$20 for each violation, which penalty shall be cumulative and not exclusive.

§ 121-10. Abutting property owners to keep areas around fire hydrants free from snow.

It shall be the duty of the owner or occupant of premises in front of which or adjacent to which there is a fire hydrant to remove snow from around the hydrant for a distance of two feet in

INSTRUCTIONS

Whenever possible, boxes must be located so that carrier's vehicle is off pavement when serving them.

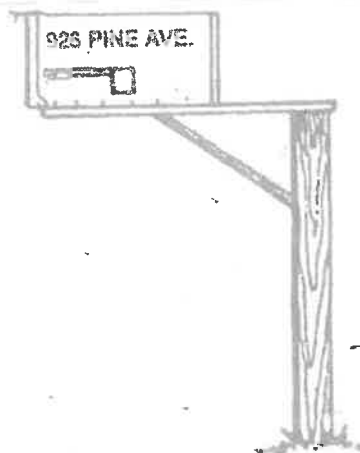

Rural box number (or house number) must be painted on box in numerals not less than one inch.

Post must be neat and of adequate strength and size.

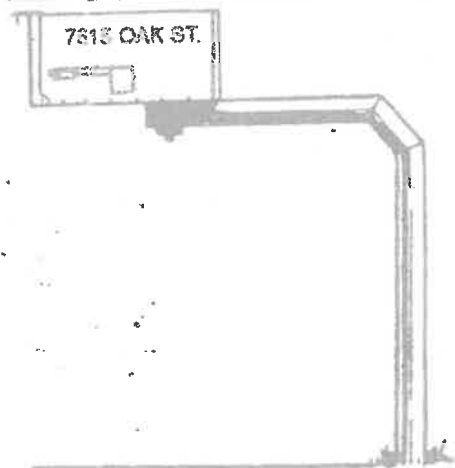

Approach to box should be a hard level surface (gravel, cinders, stone).

Boxes must be placed to conform with state laws and highway regulations.

Suggested installation
of a single box.

Suggested installation where snow removal
is a problem.

Extend box beyond end of post. Attach board holding box to post with screws or doublehead nails, permitting easy removal if necessary to adjust box height.
